

VOLUNTEERS NEEDED FOR RESEARCH STUDY

ADAPTIVE BEHAVIORS IN INDIVIDUALS WITH DOWN SYNDROME

IRB# 22592

- The Learning Lab in the Department of Special Education and Communication Disorders at the University of Nebraska is conducting research to learn more about the adaptive functioning skills of individuals with Down syndrome, or the practical, conceptual, and social skills used in everyday life.
- *We are looking for parents and/or caregivers of individuals with Down syndrome. Participants must be 19+ years of age and the parent/caregiver of an individual with Down syndrome between the ages of birth to 22 years.*
- You will be asked to complete a series of questionnaires that will take approximately 2-2.5 hours of your time. Questionnaires do not need to be completed all at once.
- The questionnaires can be completed online, over the phone, via Zoom, or via U.S. Mail. There are no risks involved in this research.
- Participants will receive a \$30 gift card in appreciation of their time and effort.
- To get started go to: <https://redcap.link/ABinDS2>

If you have questions or are interested in participating, please contact the Learning Lab
or Dr. Susan Loveall at:
